Introduction

The Indian Society for Technical Education is a national, professional, non-profit making Society registered under the Societies Registration Act of 1860. First started in 1941 as the Association of Principals of Technical Institutions (APTI), it was converted into "Indian Society for Technical Education" in 1968 with a view to enlarge its activities to advance the cause of technological education. The major objective of the ISTE is to assist and contribute in the production and development of top quality professional engineers and technicians needed by the industries and other organisations. Being the only national organisation of educators in the field of Engineering and Technology, ISTE effectively contributes in various missions of the Union Government. The Ministry of Human Resource Development, CTE/DST/MIT/State Govts. are well associated with the ISTE for programmes relating to technical education. The headquarters of ISTE is at New Delhi and has sections in majority of the states and chapters in Engineering Colleges and Polytechnic colleges of the country. The affairs of the ISTE are managed by a National Executive Council

Management of ISTE Kerala Section

ISTE Kerala section have been very active and vibrant right from its inception and has won best section award for its performance. The section has been holding the annual convention and national seminar for last twenty years continuously.

Objectives of ISTE

The major objectives of the ISTE are:

- ▶ To formulate the general goals & responsibilities of technical education.
- ▶ To adjust curriculum & educational processes to changing conditions.
- ▶ To develop effective teachers & educational administrators.
- ▶ To improve instructional methods & practices & administrative usages.
- ▶ To enhance professional ideals & standards.
- ▶ To foster research as a function complementary to teaching.
- ▶ To cultivate fraternal spirit amongst the teachers, administrators, industrialists & professionals.
- ▶ To bring about effective linkage between technical institutions industry & society.
- ▶ To award Honorary fellowships, Awards and Prizes, for furthering the objectives of Technical Education.
- ▶ To Prepare and Publish quality Resource material (Learning Materials and CDs) for Degree/Diploma Level Students.

Services provided by ISTE Kerala Section

- ▶ Conduct of faculty development programmes
- ▶ Conduct of induction training programmes
- ▶ Conduct of micro teaching analysis
- ▶ Conduct of workshop for pedagogical techniques
- ▶ Conduct of programmes on ICT
- ▶ Conduct of annual convention and seminar

An Appeal

ISTE Kerala Section is constructing a building at Thrissur at an estimated cost of Rs.80 lakh to be used as the head quarters of the section and staff training college. The construction of the ground floor is progressing well and we plan to complete it in next few months time. As you are aware the resources of the society are very limited, being confined only to the membership subscription and meager resource generation by short-term courses. Therefore mainly it depends on the generosity of philanthropists and cooperating institutions to raise funds for the construction of the building. All Institutional members, members, student members and well wishers are requested to make generous contributions to ISTE Kerala Section Building Fund

Section Management Committee
