ABOUT ISTE

The Indian Society for Technical Education (ISTE) is a national, professional, non-profit making society registered under the Societies Registration act 1860. The major objective of ISTE is to assist and contribute in the production and development of top quality professional engineers and technicians needed by the industry and other organizations. Being the only national organization of educators in the field of Engineering and Technology, ISTE effectively contributes in various missions of the Union Government. At present, ISTE has a very large and an effective membership base consisting of more than 1,02,985 Life Members, 5,54,094 Student Members, 2410 Institutions, 1214 Faculty Chapters and 1322 Students' Chapters and 17 Sections throughout the country. ISTE provides adequate inputs to various government bodies preparing the policy frame work for technical education. ISTE strives for quality improvement and implements schemes for providing training to teachers and administrators of technical institutes to update their knowledge and skills.

ABOUT MCET

Mohandas College of Engineering and Technology (MCET), is the prestigious technical education project of the leading industrial group, The Mohandas Group of Companies, Thiruvananthapuram and is an ISO 9001:2008 certified institution managed by V. N. Gangadhara Panicker Memorial Trust. The Institution is affiliated to the University of Kerala and the courses are approved by AICTE New Delhi. The Institution offers B.Tech courses of four year duration, MCA course of three year duration and M.Tech courses of two year duration. Consistent with its mission, MCET takes seriously its commitment to fostering and maintaining an environment conducive to student learning and growth through curricular and co-curricular programmes. ISTE MCET chapter started functioning from 2003 and have hosted the 16th Annual state Convention in 2006 and the 9th Annual students state convention in 2010.

Objectives

To bring academicians, professionals and academic administrators from various institutions together on a common platform and to provide a congenial atmosphere to explore the technical issues and global trends that are shaping the scenario of technical education.

To bring interactive sessions, keynote/invited lectures and paper presentations, apart from strengthening the fraternity spirit among teachers and professionals, in order to make them effective nation builders.
